

VSS

Vehicle Sharing Service

What is VSS?

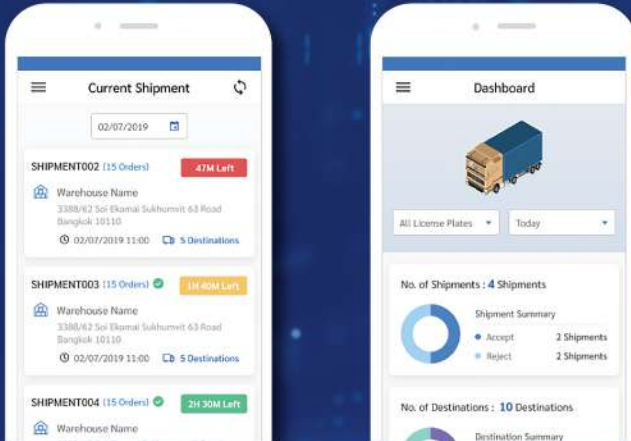

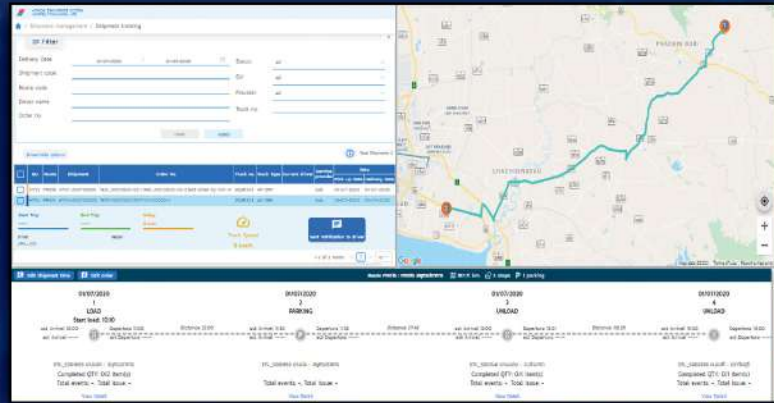

VSS (Vehicle Sharing Service), a jointly-developed service by Hitachi Asia and Hitachi Transport System Vantec (Thailand), is a virtual platform that proposes domestic transportation, promising a **high-quality** and **cost-reduced** services.

VSS Concept

A matching service provided by logistics company

Using our experiences as a logistics company, allow us to fulfill your needs with efficiency through VSS. The system will assign customer order with available truck by comparing the **best price** and nearest truck locations.

Easy & Visible Management

Operational support at you fingertips, through website and mobile application services.

1. VSS Website
2. Mobile Tracking (Proof of Delivery)
3. Paperless Billing Support

We aim to provide the best support for our customers and transporters.

Advantage when using VSS

Reduce Transportation Cost

By utilizing backhaul trucks

Simple & Quick Request Input

Just by ordering in our web screen

High Quality of Transportation

Based on our standard

Real Time Tracking Cargoes Status

On-screen visibility
